In Our Classrooms: CIMI 5th Grade Field Trip to Catalina

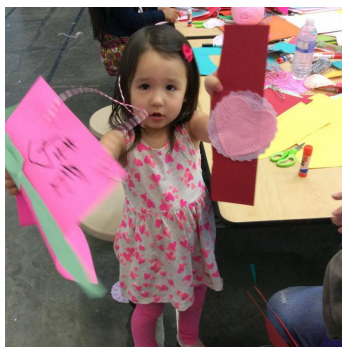

Our 5th grade students returned last night after a fun filled sleepover on Catalina Island. During their visit to the Catalina Island Marine Institute students had the opportunity to learn about Southern California's unique costal habitat and the ecosystems that makes up our beautiful coastline. The science program included hands on lab and field activities like snorkeling in the kelp forests, Island Ecology hikes and dissecting squid and studying seaweed in the state of the art Marine Institute lab. We cannot wait to hear all about their adventures on Catalina Island.

PTA's Art, Play, Game Day

Thank you to our PTA for hosting this fun, weekend community event. LFCSA families had a blast singing karaoke, and creating art together. A big thank you to all our parent and staff volunteers who made this event possible.
